

STAFF PARKING

Parking for you and your employees

As a business partner of Copenhagen Airports, you are eligible to use the parking facilities at the airport. In order to appropriately accommodate your needs, CPH offers all business partners staff parking near the terminal.

The quickest way to get to and from the airport
Having staff parking at the airport, you ensure that you and your employees avoid any discomfort getting to and from work. If, for example, your employees have irregular working hours, the use of public transport may be inconvenient. With staff parking at the airport, you ensure a more convenient and effective solution for both you and your employees.

Our parking facilities

We offer both indoor and outdoor staff parking. P12 is a partially roofed parking area located only a few minutes walk from the terminal. The parking area PB/PC/PD is mainly an outdoor facility. CPH offers free shuttle busses to and from the terminal every 15 minutes (every 20 minutes at night). Timetable and route can be found at: cph.dk/en/terminal-bus
